IN OBIGINAL JURISDICTION (Before His Hon W. Meigh Goodman, Acting Ohief Justice.) Thursday, December 21.

IMPORTANT POINT, AS TO THE

BTATUTE OF LIMITATIONS. Suit No. 8 of 1899 .- Between Ho Fung Wang. Administrator of the estate and e feets of Ho I Shek (deceased), plaintiff, and Chan Kit Shan and Sz Kuk San, defen-

Hon. H. E. Pollock (instructed by M. F. B. L. Bowley) represented the plaintiff Mr J. J. Francis, Q.C. (instructed by M O. Ewens) represented the defendants.

His Lordship delivered the following

The plaintiff in this suit sues as Administrator of Ho I Slick, deceased. The peti tion alleges that, at the time of his death, Ho I Shek was entitled to certain shares i two Opium Firms, and the plaintiff claims, against the defendants as partners in such firms, an account of the partnership dealings affecting such shares and that it ma be ascertained of what such shares and the unpaid profits thereon now consist, and asks that payment should be made to hi of what might appear due in respect thereof to the estate of the deceased. One of that even if there were, otherwise, good signation as a member of the Committee grounds for such claim, which they deny, it is barrod by the Statute of Limitations. It was desired by the parties to determine this question first; and, accordingly, the ollowing Issue of Law was settled, viz .: -Assuming that all the facts stated in the

petition are true, is or is not the plaintiff's claim herein; barred by the Statute of Limitations. Now, in the ordinary course of things, when one partner dies, the partnership property vests in the surviving Nov., addressed to the Government for partners. The representative of the doceased partner, however, has a right to anaccount and in receive that portion of the clear balance which accrues to the deceased's share and interest in the partnership. The Statute of Limitations applies and the representative of the deceased must bring his claim within sic years from the time at which the Statute first begins to run. If any authority is required for that proposition it is to be found in the case of Knox v. Gye, decided by the House of Lords in 1872, and reported in Law Roports 5 English and Irish Appeal Cases, p. 656. Where an executor is appointed the Will of the deceased; the punctum temporis from which the statutory period of six years begins to run, is the date at which the partnership estate came to be vested in the surviving partners. At any time during the currency of that period the executor of the deceased partner may bring a suit

A FORMIDABLE REBELLION IN CENTRAL CHINA.

News has arrived from Changsha that the insurrection in Hongshan district, note of which was made in these columns lately, is spreading rapidly, and that a large body of insurgents have altendy entered Pinghsianghsion, Kiangsi, which district is on the frontier, touching the Hanan borders. Evidently the authorities of Klangsi consider this invasion of their province a serious one, for as soon as the district magistrate of Pinghsiang tolegraphed the tidings, Governor Sung of that province at once, sent the Kang Brigade of disciplined troops, garrisoning the pro-vincial capital of Nanchang, to the scene of threatened disturbance, a wire being also sent to Governor Yu, at Changsha, to dispatch a corresponding brigade to the Hunan-Kiangsi borders, in order, if possi ble, to take the robels in front and rear. Altogether there will be nearly 8,000 men engaged in putting the insurrection down in that part of the country, not counting Knangsi troops sent to belp the Hunan troops in crushing the rebels at Hengshan, on the Hunan-Knangsi borders. The insurgents, on the other hand, are said to be well armed and well provided with food and ammunition. They are mostly Hunan reterans, belonging to the Kolno Hui society, and have soon considerable service the Stock, Fixtures, and Book Debts at a old and experienced army officers, mostly retired on account of disgust at the fugratitude of the Government, the insurgents lief have considerably increased during the have succeeded in driving away all opposi- wook; and now stand at 1,357,967, against tion, so far. The increase is rection is considered to be a sort of protest general in all districts, except the Punof old soldiers at the treatment they have janb. received from the Government; which uses them when there is danger, and dismisses them without any after provision when the danger is past. It is on this account that the authorities of Hunan, Kuangsi and Kingsi are trying to bring a large army in the field against the insurgents, and that they consider the situation critical enough to send appeals also to the Viceroys of the Hukuang and Liangkiang provinces for aid. Pinghslang will be remembered as the place where H.E. Sheng has this new coal mines and railway, a memorial concerning which to the Throne by Vicercy Chang Chih-tung was translated in these columns
